# Get to know your plan materials

## **Your EOC: a guide to what's covered**

Your EOC is a complete description of coverage under your Medicare plan. It also outlines your costs, how to get services and your member rights.

## **Your formulary: a list of prescription drugs your plan covers**

Along with the drug name, the formulary has each drug's tier level, which can affect how much you'll pay for the drug. It also lists any special requirements, such as prior authorization, quantity limits or step therapy.

## **Your pharmacy directory: a road map for finding a network pharmacy**

Our pharmacy network includes national chains as well as local options for your prescription drugs. You'll find a list of them in your pharmacy directory.

## **Your provider directory: the key to unlocking our provider network**

In your provider directory, you'll find primary care physicians, specialists such as cardiologists and podiatrists, and other providers to help you reach your best health.

See *Evidence of Coverage* for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area. Participating health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change. The formulary and/or pharmacy network may change at any time. You will receive notice when necessary.
