

Essential Health Supplemental Benefit

Offered by some former employer/union/trust plans

Your former employer/union/trust has purchased additional coverage for certain prescription drugs, covered by your plan. You will have a \$0 cost share for these prescription drugs.

Important notice

- **There may be categories of Essential Health Supplemental Benefits in this document your plan doesn't cover. Check your Schedule of Cost Sharing to see which categories your plan covers.**
- Some of the prescription drugs included in this document are not covered by Medicare Part D and are not included in your formulary drug list.
- The non-Part D drugs covered under this benefit *do not* count toward your total drug costs or help you qualify for catastrophic coverage.
- If you are receiving Extra Help to pay for your prescriptions, it will not apply to non-Part D drugs covered under this benefit.
- This guide is for reference only. We update it once per year. So, it may not reflect the most current drug coverage.
- Essential Health drug coverage may change at any time without notice.
- You can confirm the most up-to-date coverage for any drug by calling the toll-free number on your member ID card. We're available to help 8 a.m. to 8 p.m., E.T., Monday to Friday.
TTY users call 711.

How to use this guide

This guide lists the drugs supplemental coverage by categories. This list is **not** specific to your actual coverage. Check your Schedule of Cost Sharing to see which categories your plan covers. For example, if "Select Smoking Cessation medications" is shown as a covered category, find the list titled "Smoking Cessation medications" in this guide to see which drugs it may cover.

See your Evidence of Coverage for a complete description of plan benefits, exclusions, limitations, and conditions of coverage. Plan features and availability may vary by service area. The formulary may change at any time. You will receive notice when necessary.

Key

Drug name	Requirements/Limits
UPPERCASE = Brand-name prescription drugs	QL = Quantity Limit. For certain, drugs our plan limits the amount of the drug that we will cover.
<i>Lowercase italics</i> = Generic medications	PA = Prior Authorization. Our plan requires you or our provider to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, we may not cover the drug.
	B/D = Part B vs Part D. This prescription drug has a Part B versus Part D administrative prior authorization requirement. This drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.
	MO = Mail Order. For certain kinds of drugs, you can use CVS Caremark® Mail Service Pharmacy. Generally, the drugs available through mail order are drugs that you take on a regular basis, for a chronic or long-term medical condition. Drugs available through mail-order are marked as "MO" in our Drug List.
	ND = Non Part D Drug. Certain drugs not covered by Medicare Part D and not found on the formulary. However, your plan has chosen to provide coverage for select Non Part D prescription drugs as indicated in the list below.
